**Ranking list and result of the special recruitment to the Doctoral School of ILT&SR PAS
at the Division of Biomedical Physicochemistry for a Doctoral Student - Scholarship Holder
(contractor) (M/F)**

in the OPUS-29 research project (NCN) (chemical sciences)

entitled “Redox-based thermal history phosphors for highly sensitive and visual optical sensing”
(2025/57/B/ST11/03452)

Ranking position	First name and surname	Number of points obtained
1.	Suchith Sadanand	6.92

The Recruitment Committee has set the minimum number of points required for admission to the Doctoral School of ILT&SR PAS at 14.4.

The Recruitment Committee determined that Suchith Sadanand, candidate 1 on the ranking list, obtained 6.92 admission points. As she/he obtained less points than the minimum required, the Committee decided NOT to recommend to the Head of the Doctoral School of ILT&SR PAS that the following be entered on the list of doctoral students:

1. Suchith Sadanand as a doctoral student – scholarship holder (contractor) in the above-mentioned project.

The competition was not decided.

Chair of the Recruitment Committee
