**Ranking list and result for special recruitment to the Doctoral School of ILT&SR PAS
at the Division of Nanomaterials Chemistry and Catalysis for a Doctoral Student -
Scholarship Holder (contractor) (M/F)**

in the SONATA-19 research project (NCN) (chemical sciences)

entitled “Smart multicomponent catalysts for CO₂ valorization” (2023/51/D/ST4/00339)

Ranking position	First name and surname	Number of points obtained
1.	Mirza Afnan Baig	17.25
2.	Christopher Habu	14.75
3.	Sehar Sajid	13.05

The Recruitment Committee has set the minimum number of points required for admission to the Doctoral School of ILT&SR PAS at 14.4.

The Recruitment Committee determined that candidates 1 and 2 on the ranking list obtained more points than the minimum required. As there was only one vacant position, the Committee decided:

1. to recommend to the Head of the Doctoral School of ILT&SR PAS that Mirza Afnan Baig be entered on the list of doctoral students as a doctoral student – scholarship holder (contractor) in the above-mentioned project,
2. not to recommend to the Head of the Doctoral School of ILT&SR PAS that the remaining candidates on the ranking list be entered on the list of doctoral students.

Chair of the Recruitment Committee
